Gem Space Ambassadors

International Program Regulations

1. General Provisions

1.1. These Regulations define the objectives, principles, participation procedures, rights, and obligations of participants in the international “Gem Space Ambassadors” program (hereinafter referred to as the “Program”).

1.2. The program is an open, international initiative of the Gem Space digital ecosystem user community.

1.3. The program is based on the principles of voluntary participation, transparency, mutual respect, legality and the promotion of modern digital technologies.

1.4. Over the course of more than ten years of Gem Space ecosystem’s development, the platform’s users have actively participated in promoting it, building the community, testing new features and spreading the word about the platform’s capabilities. These Regulations are intended to formalize and further develop these initiatives.

1.5. Participation in the Program is voluntary and does not establish an employment relationship between Program participants and the companies within the Gem Space ecosystem.

1.6. Participation in the Program is open to any legally competent individual in any country around the world who shares the goals and principles of the Gem Space community.

2. Program Objectives

The **program's core objectives** are as follows:

- developing the international Gem Space user community;
- raising awareness of the ecosystem's capabilities;
- promoting the adoption of modern digital technologies;
- developing communication and digital interaction services;
- promoting artificial intelligence-based solutions;
- establishing effective feedback channels between users and developers;
- promoting the development of the digital economy within the ecosystem;
- supporting the introduction of new Gem Space products and services in international markets.

3. Ambassador Status

3.1. A Gem Space Ambassador is an independent member of the platform's international user community.

3.2. An ambassador acts independently and on his or her own initiative.

3.3. An Ambassador is not an employee, representative, agent, partner, or officer of any company within the Gem Space ecosystem, unless a different relationship is established by a separate written agreement.

3.4. Participation in the Program does not create an employer-employee relationship, a partnership, a joint venture, or any other corporate relationship between participants and the companies in the ecosystem.

4. Ambassador’s Main Directions of Activity

An Ambassador can:

- use the products and services of the Gem Space ecosystem;
- introduce users to the platform’s capabilities;
- participate in testing new features;
- participate in community events;
- organize and conduct introductory meetings and presentations;
- help new users learn how to use the platform’s services;
- participate in the development of local and international communities;
- provide feedback and suggestions for product development;
- promote digital technologies and the ecosystem’s services.

5. New Directions of the Ecosystem’s Development

Starting in June 2026, the Gem Space ecosystem intends to implement new digital services and technological solutions in phases.

Key development directions are as follows:

PayGem

A digital wallet for making digital payments, sending money and using financial services within the ecosystem.

Mini Apps Platform

A mini-app platform that allows users to create and use a broad variety of digital services within the Gem Space ecosystem.

Premium Accounts

Premium accounts with advanced capabilities for platform users.

AI Ecosystem

A comprehensive set of AI-based solutions, including:

- general-purpose AI bots;
- specialized digital assistants;
- intelligent business tools;
- educational AI services;
- new AI solutions that will be implemented in phases as part of the platform's ongoing development.

Ambassadors may participate in researching, testing, using and sharing information about these services.

6. Rights of an Ambassador

An ambassador has the right to:

- participate in the Gem Space community;
- use the “Gem Space Ambassador” designation in accordance with these Terms;
- receive information about new products and services;
- participate in community events;
- submit suggestions for the platform’s development;
- participate in discussions about new features and services;
- participate in incentive programs organized by companies within the ecosystem.

7. Responsibilities of an Ambassador

The Ambassador agrees to:

- comply with the laws of the country where he/she resides;
- comply with these Terms;
- disseminate accurate information about products and services;
- adhere to standards of business and social ethics;
- treat other community members with respect;
- not mislead users regarding the platform’s capabilities;
- not make statements on behalf of companies in the ecosystem without the appropriate authorization;
- comply with requirements for the protection of confidential information.

8. Limitations

The Ambassador is prohibited from:

- pose as an official representative of the Company without written authorization;
- enter into transactions on behalf of Companies within the ecosystem;
- accept funds on behalf of Companies within the ecosystem;
- provide guarantees of income, profits, or other financial results;
- provide legal, financial, or investment advice on behalf of companies within the ecosystem;
- publish knowingly false information;
- use the Gem Space brand in ways that could damage the ecosystem’s reputation;
- engage in activities that violate the laws of the relevant jurisdiction.

9. Ambassador Code of Conduct

The ambassador is guided by the **following principles**:

Good faith

Providing objective and credible information.

Transparency

Commitment to constructive dialogue and the exchange of best practices.

Respect

Respectful attitude toward users, partners and other market participants.

Legality

Compliance with the laws of the countries in which the Company operates.

Liability

Acknowledgment of how one's actions affect the reputation of the Gem Space community and ecosystem.

10. Use of Gem Space Brand

10.1. An Ambassador is authorized to use the “Gem Space Ambassador” designation solely to indicate their participation in the Program.

10.2. The use of logos, corporate identity and other intellectual property is permitted only in strict accordance with the procedures established by the copyright holder.

10.3. An Ambassador may not register domain names, trademarks, social media accounts, or other assets containing the Gem Space trademark without the written authorization of the copyright holder.

11. Cooperation with Companies in the Ecosystem

11.1. Participation in the Program does not require entering into any agreements with companies in the Gem Space ecosystem and is on a voluntary basis.

11.2. Individual Program participants may, at their own discretion, enter into contractual relationships with companies in the Gem Space ecosystem based on agency, marketing, consulting, service, or other civil law agreements.

11.3. One possible form of such cooperation is the execution of an Agency Agreement between a Program participant and a Company that is part of the Gem Space ecosystem or represents its interests in the relevant markets.

11.4. As part of the Agency Agreement, the agent is authorized to disseminate information about the products, services and technological capabilities of the Gem Space ecosystem; familiarize users and organizations with the platform’s functional capabilities; inform interested parties about the available ways to use the ecosystem’s services to conduct digital activities, provide services, conduct business and generate revenue in the cases provided for by the rules governing the relevant products and services.

11.5. An agent is not an employee of the Company and acts as an independent contractor within the scope of authority set forth in the relevant agreement.

11.6. The Company has the right to pay the agent compensation for activities related to distributing information about the ecosystem’s products and services, expanding the company’s presence in specific markets, attracting users, partners, or customers, as well as for other performance outcomes specified in the relevant agreement.

11.7. The amount, method of calculation and terms of compensation shall be determined by a separate agreement between the parties.

11.8. Entering into an Agency Agreement is entirely voluntary and is not a requirement for participation in the “Gem Space Ambassadors” Program.

11.9. Participation in the Program does not, in and of itself, entitle participants to receive rewards, payments, or other compensation from Companies within the Gem Space ecosystem.

12. Options for Generating Income

As part of the ecosystem's development, users and community members can gain access to various tools of the digital economy and establish their own economic activities.

Such initiatives may include:

- use of the PayGem payment infrastructure;
- creation and development of services on the Mini App platform;
- provision of digital services through the ecosystem;
- participation in partner programs;
- agent activities;
- consulting services;
- use of AI tools to create new digital products and services;
- use of other ecosystem services in accordance with the rules of the respective products.

The use of these features is subject to the terms of service of the specific platforms and the applicable laws of the relevant countries.

13. The Program’s Non-Investment Nature

13.1. The “Gem Space Ambassadors” program is not an investment program, a joint investment program, an offering of securities, or an invitation to invest.

13.2. Participation in the Program does not involve the purchase of securities, financial instruments, or other investment assets.

13.3. The present Program does not constitute an offer to invest funds and does not contain any investment recommendations.

13.4. Any information about the products, services and features of the Gem Space ecosystem is provided for information purposes only.

13.5. Ambassadors and agents are not authorized to offer investments, financial instruments, securities, or other forms of joint investment on behalf of Companies in the Gem Space ecosystem, unless otherwise expressly provided by the laws of the relevant jurisdiction or by specific written authorization.

14. Termination of Participation from the Program

14.1. A participant has the right to withdraw from the Program at any time at his or her own discretion.

14.2. The Program organizers reserve the right to terminate an ambassador’s status in the event of a violation of these Terms or the commission of actions that could damage the reputation of the Gem Space ecosystem.

15. Final Provisions

15.1. These Regulations shall take effect upon their publication.

15.2. The Program organizers reserve the right to make changes and additions to these Regulations.

15.3. Continued participation in the Program following the publication of the revised version of the Regulations constitutes the participant’s acceptance of the changes made.

15.4. The “Gem Space Ambassadors” program is an international user community initiative aimed at advancing digital communications, artificial intelligence, digital services, the digital economy and cutting-edge technological solutions around the world.
